 5918

FOREWORD

This list is issued under the authority of Administrative Instruction 86, "OSD Forms Management Program," dated November 21, 1986, and supersedes OSD 86-L, "Listing of Approved Secretary of Defense (SD) Forms," dated July 31, 1992. Its purpose is to identify all approved SD forms.

OSD 86-L is divided into the following parts:

Part I. Listing of Current Secretary of Defense (SD) Forms by Form Number, is a sequential listing of currently approved SD forms and the following related management data: form number, edition date, form title, prescribing issuance, using office(s), office symbol of the Office of Primary Responsibility (OPR) of the form, disposition of existing stock as a result of the latest revision of the form, whether the sponsor of the form allows electronic generation of the form, whether the form is prescribed or adopted for use, whether the form contains a privacy act statement, and whether the form does or does not have mandatory printing specifications. Only those forms with an edition date of July 31, 1990, or newer, contain all data management entries.

Part II. Listing of Current Secretary of Defense (SD) Forms by Sponsoring Component, is a listing of SD forms grouped to show all forms sponsored by a specific component.

Subpart IIIA. Index of DoD Major Subject Groups, is a listing of functional (numerical) codes assigned to the major functional subject groups as designated in DOD 5025.1-I, "Department of Defense Directives System."

Subpart IIIB. Index of Subject Number by Secretary of Defense (SD) Form Number, is a listing of SD forms grouped by major subject groups.

DTIC QUALITY INSPECTED 8

A-1

Subpart IVA, Secretary of Defense (SD) Forms Associated with Active Reports, is a listing of those SD forms currently assigned an active Office of Management and Budget (OMB) Control Number, DoD Internal Report Control Symbol (RCS), and/or Interagency Report Control Number (IRCN). This subpart assembles the forms and reports into a single consolidated listing which reflects the current OMB Control Number, RCS, or IRCN and expiration date assigned to the form. At all times, several of these forms may be under revision to display the latest OMB Control Number and expiration date.

Subpart IVB, Secretary of Defense (SD) Forms Associated with Expired Reports, contains a listing of SD forms associated with those reports listed in Subpart IVA which have expired.

Part V, Secretary of Defense (SD) Forms Cancelled in the Last Two Years, is a numerical listing of SD forms cancelled within the past two years.

Use of this list within OSD, as defined in the DoD "Organization and Functions Guidebook," is mandatory and is effective immediately.

Please forward recommended changes or corrections to this listing through the appropriate OSD Point of Contact for forms matters listed on pages xi through xvi to:

**Washington Headquarters Services
Directorate for Information Operations and Reports (DIOR)**

EXPLANATION OF SUFFIXES, ACRONYMS, AND ABBREVIATIONS

SUFFIXES USED IN THE "FORM NUMBER" COLUMN

Numeric suffixes added to the SD form number show the form series:

- 1 First in a series of related forms, for example, SD Form XXXX-1, XXXX-2
- Other suffixes added to the SD form number indicate the following:

C	Continuation Sheet
EG	Electronically Generated
INST	(Forms Completion) Instructions
S	Supplemental
TEST	Form
WS	Worksheet

Note: The few forms having suffixes that do not conform to the above will be phased out as the forms are revised or discontinued.

DEFINITIONS OF DEPARTMENTAL FORMS

1. **Secretary of Defense (SD) Form.** A form approved by the OSD Forms Management Officer (FMO) and authorized for use within the OSD. The form is prenumbered and bears the "SD" designation. It is initiated or sponsored by an Office of Primary Responsibility (OPR) within the OSD. The use of the form is either prescribed or adopted. The form may be hardcopy, electronic, or other media.
 - a. **Prescribed SD Form.** Prescribed by an Administrative Instruction for use by two or more OSD Component offices.
 - b. **Adopted SD Form.** Adopted for optional use by two or more OSD Component offices who have a common requirement. Its use is prescribed by an Administrative Instruction or respective OSD Component memorandum.
2. **DOD Component Form.** A form approved by a DoD Component for general use only within that Component. This includes:
 - a. **Component Form.** A form approved by the DoD Component Forms Management Officers for use by two or more of the DoD Component's commands.
 - b. **Command Form.** A form originated by a subordinate level of a DOD Component, which is prescribed by regulatory publication for use by more than one organization in the command.
- c. **Installation Form.** A form approved by the head of a DoD Component installation, which is prescribed by regulatory publication for use by more than one organization on the installation.
- d. **Office Form.** A form approved for use only within one office of a headquarters, command, or installation. It does not have to be prescribed by regulatory publication.

3. Electronic Form. A prescribed or adopted form whose image is stored in magnetic, optical, video, or other type of file and can be retrieved electronically to print the form and/or to produce an image of the form on a computer screen. This form is not available in a blank state, and is not available from the forms distribution centers. To obtain a copy of an electronic form, the requester must submit a letter (and a floppy disk) to the DoD Component who sponsors the form.
4. Local Reproduction Authorized (LRA) Form. A prescribed or adopted, low usage form; i.e., 100,000 copies annually used by a DoD Component, which is normally most cost-effective to centrally print and distribute to the using forms distribution centers. The image, size, and/or design of the form may not be altered during the reproduction process.
5. Stocked and Issued Form (S&I). A prescribed or adopted form that is mandated for use by one or more DoD Component offices. The DoD Component whose office symbol appears with the title of the form; i.e., SD Form 7777, "Listing of Forms Managers (S&I by WHS/DIOR)," is the office who stocks and issues the form. The forms distribution centers may not requisition or stock this form.
6. Stocked and Used Form (S&U). A prescribed or adopted form that is mandated for use by one or more (normally only one or two) DoD Component offices. The DoD Components whose office symbols appear with the title of the form; i.e., SD Form 7778, "Listing of Points of Contact (S&U by WHS/DIOR and OASD(FM&P)),," are the only offices who use the form. The forms distribution centers may not requisition or stock this form.
7. Test Form. Tested for use in one or more DoD Component offices for a period not to exceed one year. The form is prescribed by a DoD Component memorandum pending approval of an Administrative Instruction. The sponsor of the form or the forms distribution centers distribute the stock only to those DoD Component offices whom the sponsor designates to perform the test.

ACRONYMS USED FOR "USERS" AND "SPONSOR" COLUMNS

ACQ	Under Secretary of Defense for Acquisition
COMP	Comptroller, Department of Defense
C3I	Assistant Secretary of Defense (Command, Control, Communications, and Intelligence)
DA&M	Director, Administration and Management
FM&P	Assistant Secretary of Defense (Force Management and Personnel)
GC	General Counsel, Department of Defense
HA	Assistant Secretary of Defense (Health Affairs)
IG	Inspector General, Department of Defense
LA	Assistant Secretary of Defense (Legislative Affairs)
P&L	Assistant Secretary of Defense (Production and Logistics)
PA	Assistant Secretary of Defense (Public Affairs)
PAGE	Assistant Secretary of Defense (Program Analysis and Evaluation)
POL	Under Secretary of Defense for Policy
SD	Secretary of Defense
WHS-BF	Directorate for Budget and Finance, WHS
WHS-CD	Directorate for Correspondence and Directives, WHS
WHS-DI	Directorate for Information Operations and Reports, WHS
WHS-FV	Directorate for Federal Voting Assistance Program, WHS
WHS-PS	Directorate for Personnel and Security, WHS
WHS-RE	Directorate for Real Estate and Facilities, WHS

ABBREVIATIONS USED IN THE COLUMN HEADINGS

Disposition:

A "U" (Use) entered in this column means to use all of the existing stock of a revised form before you use the form that replaces it. You may neither use the stock nor reprint a form that has been obsoleted.

An "S" (Salvage) entered in this column means to dispose of all existing stock of a revised or obsoleted form when you receive the copies of the form that replace it.

Electronic Form:

Data entries in this column are the result of a DoD-wide DoD Electronic Forms Initiative which was completed during mid-1992. Entries for forms' processing actions completed since that timeframe were extracted from the DD Form 67, "Form Processing Action Request," which was used during processing.

A "Y" (Yes) entered in this column indicates that the OPR of the form has approved the form for electronic generation. The electronic version of the form must replicate exactly the contents (wording), format (layout), and sequence (arrangement) of the existing approved form. The OPR must approve any alteration to the content, format, or sequence.

An "N" (No) entered in this column indicates that the OPR of the form has not approved the form for electronic generation. The requesting office shall submit a formal request, through the DIOR, WHS, for subsequent forwarding to the OPR for evaluation. The OSD Component FMOs are listed on pages xi through xvi.

An "S" (With Stipulations) entered in this column indicates that the OPR of the form will consider approving the form for electronic generation with specific stipulations or conditions. Procedures to obtain approval to electronically generate this form are the same as those having an "N" listed in this column.

No entry in this column indicates the OPR of the form has not responded to the DIOR, WHS, inquiry regarding whether or not the form may be electronically generated. If you wish to electronically generate this form, follow the procedures above for those forms having an "N" entered in this column.

Pres or Adopt (Prescribed or Adopted):

A "P" (Prescribed) entered in this column indicates a form is prescribed for mandatory use by all Secretary of Defense Components to whom the form applies. Normally, such a form is initiated or sponsored by an organizational entity of the Secretary of Defense, and its use is prescribed by an AI, etc.

An "A" (Adopted) entered in this column indicates the use of the form is optional by Secretary of Defense Components. Normally, such a form is initiated by an organizational entity of the Secretary of Defense, and its use is prescribed by an AI, etc.

Priv Act (Privacy Act Statement (PAS)):

A "Y" (Yes) entered in this column indicates that the form collects personal information from an individual; consequently, the form contains a PAS which cites the authority for collecting the information, the purpose for requesting it, the routine uses of the information, and the penalties for not collecting the information.

An "N" (No) entered in this column indicates the form does not collect personal information from an individual and there is no requirement for a PAS.

Mand Print (Mandatory Printing Specifications):

A "Y" (Yes) in this column indicates the form has mandatory printing specifications and must be printed exactly as those specifications stipulate. Any printing or construction deviation requires a written request for a waiver, through the DIOR, WHS, to the OSD Component Office to procure approval to deviate from the mandatory printing specifications.

An "N" (No) in this column indicates the form may be printed in whatever construction the using Agency requires.

CONTROLLED, SAFEGUARD, or E-GENERATED immediately following the title of the form.

If "CONTROLLED" is entered immediately after the title of the form, it indicates that the unauthorized use of the form could jeopardize DOD security or result in inadvertent financial gain or claims against the Government. Most controlled forms are printed with serial numbers so each form can be accounted for during printing, shipping, issuing, etc. Prenumbering a form does not always make it a controlled form; the form may be numbered to control an item; such as, baggage, dry cleaning, etc.

If "SAFEGUARD" is entered after the title of the form, it indicates that the requester and the user of the form are responsible for ensuring the form contains the required markings and that the security guidelines of DOD 5200.1-R, "Information Security Program Regulation," are complied with during the life cycle of the form.

If "E-GENERATED" is entered after the title of the form, it indicates that the form exists only as an electronic form. There is no preprinted, hard-copy stock of this form available. Questions concerning the computer system used to generate the form should be addressed to the OSD Component OPR.

OSD POINTS OF CONTACT FOR SD FORMS MATTERS

ACQ - Ms. Martha Curtis
Room 2B322
Office Under Sec Def for Acquisition
3000 Defense Pentagon
Washington, DC 20301-3000
